

OUR AIRPORT LOUNGE

The Lounge is a sister company of Traverze and is owned, run and licensed under The Airport Lounge (Private) Limited. We operate two lounges at The Robert Mugabe International Airport. Traverze has a partnership with The Lounge that any client that buys their ticket through the Traverze Travel Agency gets free access to any of our lounges. After checking in, clients benefit from the peace and quiet in exclusive surroundings leaving the noise, crowds, heat and discomfort behind. They can catch up on calls, rehearse presentations, or just sit back, put their feet up and read a favourite book or just watch TV.
